CONTENT

On 03/06/23 (Saturday). NCC Committee conducted "Cleanliness of lake" At Chota Bilawal Lake. The Purpose of doing these is to deplete oxygen levels in the lake and distributes the aquatic ecosystem. Pollution of lakes is a Global Phenomenon and affects aquatic life. Plus, pollution of lake can cause a foul odour, harmful gas emission and mosquito infection that can disturb the residents nearby. It is caused due to accumulation of sludge which is formed when organic material mix inorganic material over a period of time.

LEARNING OUTCOMES.

1. The Prime element of this campaign is to clean the lake and pond waste & elimination of water hyacinth weed in ground.
2. When our garbage washes up on coastlines its our chance to take it out before the tide drags it back out. By removing trash we find on the beach we are doing our part to make sure that marine animals don't get hurt by it.

1. Exploring exhibits encouraged students to think critically, analyze information & draw connections between different concepts.
2. Social visit always provide an opportunity for social interaction amongst students, promote teamwork & sharing ideas.

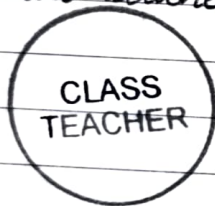

S. Akshay Kumar
PRINCIPAL

3. Such visit inspire students to seek answers, and develop a natural curiosity for learning beyond the confines of a traditional classroom setting.

4. Museums provide a real-world content for subjects studied in the classroom. Seeing historical artifacts and artistic masterpieces in person can help students bridge the gap between theoretical concepts and practical applications.
