Mobile Wallet

A mobile wallet is a way to carry cash in digital format. You can link your credit card or debit card information in mobile device. A mobile wallet is a virtual wallet that stores information from a credit card, a debit card on a mobile device. Mobile wallets allow users to make in-store payments without having to carry cash or physical credit cards.

Dr. Danish is presenting

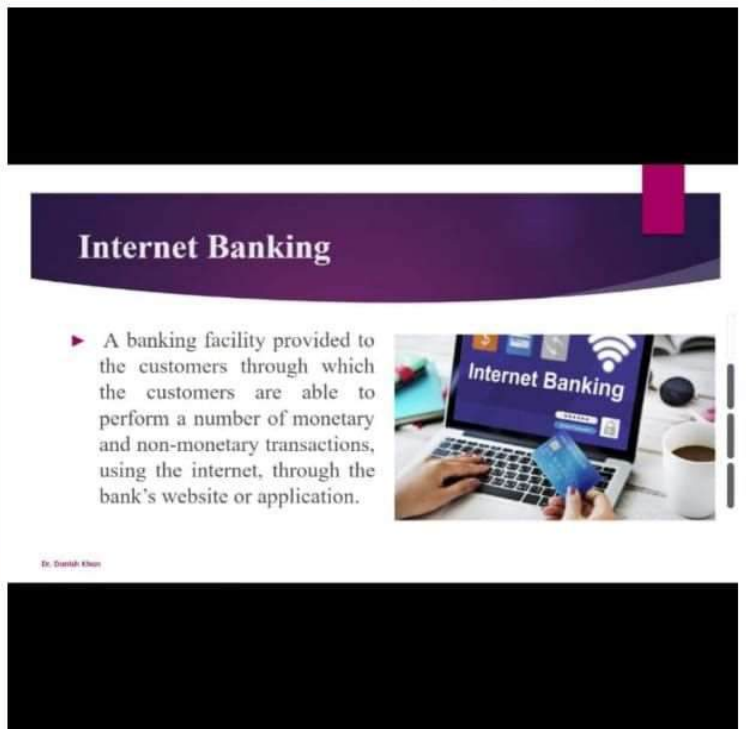

Mobile Banking

- ▶ Almost all the banks have designed their mobile applications with which you can perform transactions at your fingertips. For this, four things are required – a smartphone, internet, mobile application, and mobile banking service enabled in your bank account.

Dr. Danish Khosla

Internet Banking

- ▶ A banking facility provided to the customers through which the customers are able to perform a number of monetary and non-monetary transactions, using the internet, through the bank's website or application.

Report:-

An MOU session was organised by the Department of Social Sciences as an exchange program where students from 3 colleges participated: Bherulal Palkar government college, P.M.B Gujarati Science college & Maharaja Ranjeet Singh college. The session proved to be very knowledgeable & informative in explaining the Impact of Cinema on society & how it plays a vital role in shaping young minds. This was done through various activities, games & interactive sessions. This session was successful in honing the students team building & public speaking skills.

Expected Outcome:-

1. A new perspective towards cinema & sensitivity towards the content watched.
2. Bonding with team members as well as students from other colleges.
3. Awareness towards the harmful impact that cinema can have on young minds.
4. Understanding the Pros & Cons of cinema when consumed at a tender age without caution.
5. Development of spontaneous thinking abilities & fluent communication skills.

* REPORT :-

The Business Plan Competition provided a good platform to students in expressing their creative and innovation business ideas. It promoted team spirit, healthy competition, confidence and enthusiasm. Each team did a thorough research of their target market.

Plans were very diverse and it helped the participants as well as the audience to understand the different aspects of Business planning.

The judges asked questions as well as provided wonderful insights helping the teams to refine their strategies, think critically about their business models, and gain valuable perspective on markets trends and consumer behaviour. The audience demonstrated remarkable support and maintained the decorum. Participation, bringing progressive plans to the table without hesitation was promoted through this. And it is noticeable that the students are anticipating more opportunities and events like this.

* LEARNING OUTCOME:-

1. Participants learnt to critically analyze markets trends, competition and financial data to make informed business decisions.
2. students learnt to conduct thorough market research to identify customers.
3. It gave the students and opportunity to connect with business professional while conducting the research.
4. It Encouraged innovative ideas and creative solution.

Youth Skill Development Day Report & Learning Outcomes

World Youth Skills Day is celebrated on July 15 every year to emphasise the need for imparting the right skills to youth for employment and entrepreneurship. With changes in the job market and constant technological progress, it is essential to equip young people with adaptable skill sets.

This year's theme for 2023 World Youth Skills Day is "Skilling teachers, trainers, and youth for a transformative future." This theme majorly highlights the pivotal role and importance of teachers, educators, and trainers in society in providing various skills to young people for transitioning into their jobs.

In accordance to the theme an Awareness session was organised by the NSS Committee on 14th July 2023 in which 48 students took the advantages of knowing about various Schemes of Government in developing the skill sets required by the Youth for the job. The session was taken by Dr. Swati Singh.

Organ Donation Day Report & Learning Outcomes

Organ donation takes healthy organs and tissues from one person for transplantation into another. Experts say that the organs from one donor can save or help as many as 50 people. Most organ and tissue donations occur after the donor has died. But some organs and tissues can be donated while the donor is alive. People of all ages and background can be organ donors. If you are under age 18, your parent or guardian must give you permission to become a donor. If you are 18 or older you can show you want to be a donor by signing a donor card. You should also let your family know your wishes. These were the learning given in an awareness session conducted on Organ Donation Day on 3rd August 23.

World AIDS Day Program Report & Learning Outcomes

On the AIDS day a session was conducted on 1 December, 2023 in the college auditorium for the all classes. It was taken by the Nodal officer Dr. Shailendra Jain (TB & AIDS CONTROL). The session aimed to raise awareness about HIV/AIDS, commemorate World AIDS Day, and educate students about prevention, treatment, and destigmatization. The session proved to be an enlightening and empowering experience, fostering dialogue, empathy, and solidarity in the fight against HIV/AIDS. It underscored the importance of collective action, education, and compassion in achieving the goal of an AIDS-free generation.

* REPORT :

This amazing session on mindfulness was one of a kind. We're thankful to the department of management for conducting such an enlightening session that taught us how to take care of our health and not only physical but as well as mental, in this fast paced world where it's the most crucial to keep ourselves mentally strong and fit. Our resource person, Mr. Yashwant Das Mahant opened a whole new world for us in this session alone, with his insights and knowledge and techniques on how to employ mind-fulness in ourselves. We practiced some of those techniques ourselves. One such was the breathing exercise that he made us do. He guided us gently through it, and it was such a wonderful experience for us. We wish to experience more such sessions on mental well being and mental health. It was indeed a great initiative, appreciated by the whole students body of the department.

* LEARNING OUTCOME:-

- 1.] The students get to learn about self discovery and were introduced to the heuristic approach to one's wellbeing and happiness.
- 2.] Enhance non-verbal communication through mindfulness.
- 3.] Approach conflicts calmly, fostering constructive resolution.
- 4.] Cultivate empathy to connect with diverse perspectives.
